

Health Sciences Library

St. Joseph's Hospital & Medical Center
Paterson, New Jersey

FACT SHEET

UpToDate

UpToDate is a comprehensive evidence-based clinical information resource that is designed to help you get the concise, practical answers you need at the point of care.

UpToDate's topic reviews are written by physicians for physicians. An extensive peer review process ensures that the content and recommendations provided are accurate and reliable.

UpToDate enables you to:

- Access the most current information within their specialty
- Recognize the clinical manifestations of a wide variety of disorders
- Find current options for diagnosis, management and therapy
- Identify optimal screening and prevention strategies

UpToDate allows you to search by the name of a disease, a symptom, or a drug name. The resource includes graphics, a drug information database, and patient information handouts. UpToDate synthesizes published evidence and clinical experience to provide recommendations for patient care.

UpToDate is a subscription-based service that is provided for you by the Health Sciences Library. UpToDate is available from any hospital computer, and can be accessed at:

<http://www.uptodate.com>

or click the UpToDate shortcut on the desktop.

Contact the library by phone at 973-754-3590, fax at 973-754-3593, or email library@sjhmc.org
